Ms. Tracy Tiell
Reports Analysis Division
Federal Election Commission
999 East Street, NW
Washington, D.C. 20463

Committee Identification # C00239038

Dear Ms. Tiell:

Please find enclosed a list of amendments for our report was submitted on January 31 of this year. As I mentioned in our phone conversation last week, we have had some difficulty with the report, as we lost a substantial portion of our database just prior to the reporting deadline. We have worked very hard to recover the enclosed information, but there remains some Employer/Occupations that aren't listed, and a very few addresses. We have consulted your own database, reviewed previous year reports, contacted Alabama and other state Directory Assistance organizations, and made numerous daytime and evening telephone calls in an attempt to locate the remaining missing information.

I also understand that contributions which were not required to be itemized should have been kept separate in the report from those that must be itemized. I am sorry if our failure to do so on this report causes you an undue burden. As I mentioned, I will be attending the conference on the 23rd of this year to become more thoroughly versed in these reporting requirements.

Sincerely,

Roy Priest - District Aid
